My dear Mr. Noe:

We understand that the Bossom medallion is given for work of outstanding merit in the city of Philadelphia each year. As the Harmon Foundation is eager in its program of awards not to duplicate any recognition now being given I wonder if, through you, we can get the address of the person in charge of this medallion so that we can get the necessary information regarding the scope for which it is awarded.

Dear Madam:

Responding to your letter of May 3rd: There is a Bossom medal, which was established by Alfred C. Bossom, the architect, of 680 Fifth Avenue, and which is awarded for co-operation in government. If this is the one to which you refer, and I think it must be, I feel sure you can obtain the information you desire direct from Mr. Bossom's office. If you would prefer to have me do this for you, please telephone me to that effect. And if this is not the medal, please let me know, and I will seek further.

Very truly yours,

Secretary.
